

Vielen Dank, dass Sie sich für miniDSP entschieden haben. Das Original!

Für den Betrieb brauchen Sie noch die entsprechende Software zum programmieren des DSP. Je nach Anwendung können Sie unter verschiedenen Plug-Ins eine Entscheidung treffen. Wir empfehlen „2 way Advanced“ oder „2 Way Advanced 21“ für einen Betrieb eines 2.1 Systems. Beide Plug Ins lassen auch andere Konfigurationen zu. Sie erhalten einen Gutschein für ein kostenloses Plug In mit Ihrer Rechnung.

### Anleitung zum Download der Software:

Der Link direkt zur Seite von miniDSP:

Eine Bestätigung wird eingeblendet:

The screenshot shows a web interface with a light gray background. At the top left, the word "info" is displayed in a small font. Below it, a blue-bordered box contains two lines of text: "Info: Payment Amount not valid for Paypal" and "Info: Message sent to" followed by a white rectangular input field. Below this box, the breadcrumb text "You are here: Home > Products > Thank you for your Order!" is visible. The main heading "Thank you for your order!" is centered in a large, bold font. Below the heading, the text "Your order has been processed." is displayed in a smaller font.

Danach steht das gewählte Plug-In unter „User Download“ bereit:
